Mooney was to enter the Talbert House residential re-entry center on July 10, 2007, however was granted a new entry date of July 17, 2007, after he discovered his 18-year-old son deceased on July 6, 2007. Upon entering the Talbert House on July 17, 2007 Mooney admitted to staff that he had been using a quarter-gram of heroin intravenously for approximately the past week. Given this, Mooney was placed in a detoxification program at the Center for Chemical Addictions Treatment on July 17, 2007 in order to complete medical detoxification. Talbert House has agreed to allow Mooney to re-enter their program after his detoxification process is complete.
